CREATING WAVES THAT ECHO FAR

“

We are committed to ensuring our students' journey here is supportive, enriching, and fulfilling!

”

- Dr. Suseela Balakrishnan
Chief Executive Officer, CATS College

ABOUT US

International College of Creative Arts Technology (CATS College) was rebranded in 2022 to strategically focus on addressing the development of creative economy in Malaysia and Southeast Asia. The convergence of creativity and artistic possibilities through technological innovation contributes to a more humanistic and sustainable world. Formerly also known as SAE Institute Malaysia, CATS College is on a journey to produce graduates in new and emerging creative industries.

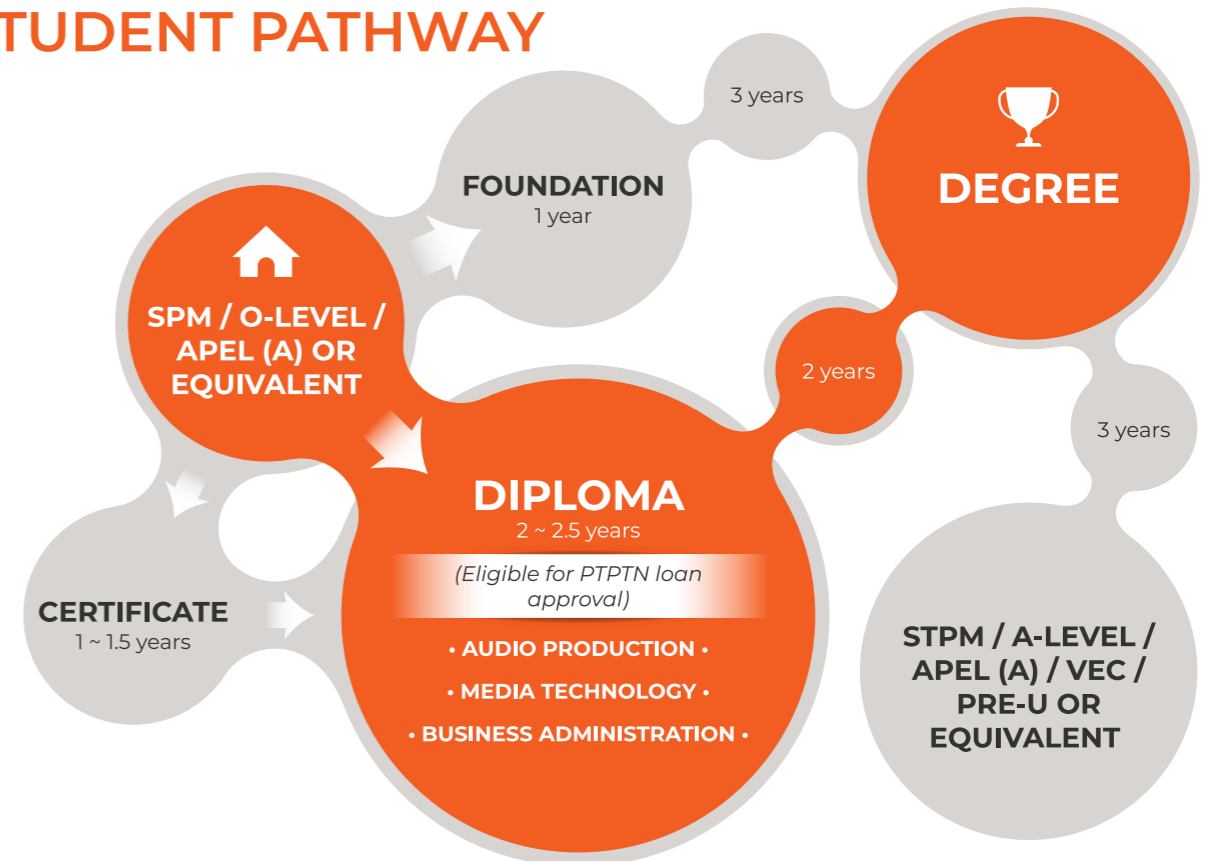

WHY CATS COLLEGE

- A reputable and vibrant hub for creatives
- Where creativity meets innovative technology
- A community of thriving creatives

“Medicine, law, business, engineering - these are noble pursuits and necessary to sustain life. But poetry, beauty, romance, love - these are what we stay alive for.”

- Dead Poet's Society

STUDENT PATHWAY

WEAVE NARRATIVES AND EVOKE EMOTIONS THROUGH AUDIO CRAFTSMANSHIP

- ◆ 2.5-year programme
- ◆ Industrial training with experts
- ◆ State-of-the-art technology and facilities

BRIEF SUMMARY

The Diploma in Audio Production is designed for interested individuals to explore audio, sound production, audio engineering fields and developing interactive audio content. Throughout the learning process, students will actively engage and communicate with members of faculty and industry practitioners to discover innovative ideas in audio technology. We aim to encourage students to develop as creative individuals who are able to think critically and solve problems creatively.

CAREER OPPORTUNITIES

Audio System Engineer, Audio Visual Specialist, Boom Operator, Broadcast Engineer, Event Crew, Foley Engineer, Live Sound Engineer, Mastering Engineer, Mixing Engineer, Post-Production Engineer, Recording Engineer, Sound Editor, Sound Engineer, Stage Crew, Technical Support Engineer.

PLANTING

THE SEEDS FOR ARTISTIC EXPRESSION

- ◆ 1 year pre-university programme
- ◆ Meets entry requirement for Degree in Creative Arts or related degrees
- ◆ Industry-relevant and practical curriculum

BRIEF SUMMARY

Completing CATS College's Foundation in Design Programme provides students with a solid foundation for furthering their degree journey in Bachelor of Design or Creative Arts degrees such as digital media technology, interior design, and others. This foundation programme equips our students with strong fundamentals in study and communication skills, as well as confident design expression by facilitating critical and creative thinking. Our students learn how to visualise ideas using their artistic skills along with extensive opportunities to experiment and explore their potential with an emphasis on hands-on project-based learning.

FOUNDATION IN DESIGN

(N/0211/3/0003) (MQA/PA16721) 08/28
